Art Unit: 3683

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-18 are rejected under 35 U.S.C. 102(e) as being anticipated by Yamamoto et al.

Note upper and lower plates 11, 12 orifices 16 in the upper plate, holes 12d and 19 (which may allow fluid to flow), a diaphragm 13 with a raised lip 35 and an orifice track 91, 92.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Takashima et al., Simuttis and Eberhard et al. show elastomeric mounts.
4. Any inquiry concerning this communication should be directed to Mr. Graham at telephone number (703) 308-1113.
